Abstract

Al-Sabban's Linguistic Thought with Reference to his Footnotes on Al-Ashmouni

Ziad Mohammed Sammour

Mu'ta University, 2006

This study aims at looking into Al-Sabban's linguistic thought and contribution through the footnotes that he made on Al-Ashmouni's explanation of *Alfiyyat Ibn Malek.*

The study begins with a brief about the life of Al-Sabban, the scholars under whom he learnt, his scholastic position, his works and his death. The first chapter looked into to Al-Sabban's methodology in the footnotes he made on Al-Ashmouni, his method of explanation, and his main resources.

Chapter II dealt specifically with the argumentative pillars of Al-Sabban and his reliance on reason in giving evidence, and it also shed light the a keen interest on Al-Sabban's part to adopt *qiyas, illa, istishab al-hal and ijma'.*

In Chapter III, the researcher talked about the scholastic position of Al-Sabban and the values of his footnotes represented in explaining the original text. The researcher also looked into the personality of this prominent scholar through his position towards the explainer, some of his master scholars and some other scholars with whom Al-Sabban differed.

The study was concluded with relevant results and recommendations.
